### ABOUT ME

Who am I? Honestly, I'm a lot of things. Creative designer & illustrator, former art teacher, and MMA athlete. So I guess you could say my designs PACK A PUNCH! My design philosophy aligns with my personal core values. Great design should be fun. My previous experience as an elementary art teacher has taught me to always view life from the eyes of my younger self. Be curious, explore new things every day and most importantly, HAVE FUN!
